INDUSTRY NEWS - *News of potential interest to anyone working in the contract industry*

NASA chooses two proposals to study interplanetary space — NASA has chosen two proposals to study small satellite technologies to develop improved models to forecast space weather events. According to NASA, the proposals will improve science observations in deep space. The proposals were selected based on potential technology and science value, and the feasibility of development plans. The two proposals for NASA's demonstrations are Science-Enabling Technologies for Heliophysics (SETH) and Solar Cruiser. Both support NASA's heliophysics program which aims to provide a better understanding on the nature of space throughout the solar system, how it adapts to a constant flow of energy and particles from the Sun, and how it interrelates with planetary atmospheres. Upon completion of the study period, one of the proposals will be chosen to launch as a secondary payload with NASA's interstellar mapping and acceleration probe (IMAP) spacecraft in October 2024.

Virgin Australia debuts split scimitar winglets on Boeing aircraft — Virgin Australia has become the first airline in the country to install split scimitar winglets on its Boeing 737-800 aircraft. The winglet is an Aviation Partners Boeing (APB) product and retrofit of the existing blended winglets. It offers benefits such as fuel savings and carbon emissions reductions. APB has secured orders exceeding 2,200 systems since the launch of the split scimitar winglets program for the Boeing next-generation 737. More than 1,200 aircraft are currently operating with this new technology. The company is a Seattle-based joint venture comprising Aviation Partners and Boeing.

Hot Sheet of Available Contractors

Subscribers:

When you're unemployed or if you've received your layoff notice: let the recruiters know you're available with a free Hot Sheet listing. The Hot Sheet includes your job classification, name, contact information, and resume ID. The most effective use of the Hot Sheet is to make sure you have your updated resume as your listing includes a link to your resume. The Hot Sheet consists of two sections: Unemployed Listings and Mini-Ads. You have one free listing per calendar month, if you'd like additional listings during the same calendar month, you can place a Mini-Ad. The cost is \$5 per insertion. Mini-Ads are also for those who are currently employed, but would like to have a listing on the Hot Sheet. Deadline for inclusion on Friday's Hot Sheet is Thursday, 4:00 p.m. (Pacific Coast time).

Want more info on the Hot Sheet – call or email our office, better yet – login and click on the link "Sign up for this week's Hot Sheet!" for more info.

Recruiters:

Are you looking to fill an urgent requirement?? Why not try the Hot Sheet – it's a recruiting tool available to current advertisers. Recruiters can search the last 10 weeks of Hot Sheets to find contractors who are currently available. In addition to the Hot Sheet listing we provide you with a link to the subscriber's resume, along with their contact information. Login to search or view the latest Hot Sheet!!
