*We're headed into
the 4th quarter ...
make the right call
and don't miss out!*

**\$outheast Ramp with Huge Bonus Opportunity!!!
Don't miss out on the below positions, apply TODAY!**

**\$\$ Introducing our NEW 2013 Southeast Bonus Program
available through VOLT! \$\$**

Celebrate the New Year with a \$500 end of year bonus! *

Commit and stay on board for 6 months and get \$1000 additional bonus! *

After 1960 hours including OT, receive a 2% bonus on all straight time hours!!!

**For qualifying aerospace positions now through the end of 2013
at the world's leader in regional aircraft manufacturing located in the Southeast
All other standard VOLT employee benefits apply*

**Positions include: Stress Engineers, Structural Design Engineers,
Mechanical Designers, Electrical Wire Design Engineers,
Flight and Dynamic Engineers, Doors Design,
Electro-Mechanical Systems Engineering, Hydraulic Design,
Flight Controls/Fly-by-Wire and Final Phase Design Engineers!**

VOLT
Workforce Solutions

**BE ON THE RECEIVING END OF THIS GREAT OPPORTUNITY
AND CALL VOLT TODAY!! 888-307-4243 / 877-861-8347

PDS IS AN EQUAL OPPORTUNITY EMPLOYER EOE M/F/D/V (EQUAL OPPORTUNITY EMPLOYER MINORITIES/FEMALE/DISABLED/VETERAN)

• CANADIAN CONTRACTS •

We are currently recruiting for a number of new and ongoing commercial programs located in:

Toronto & Montreal

All Aerospace Disciplines Are Required, Including:

Designers:	Stress Analysts:	Systems Specialists:	Other:
Structures	Structures (Metallic & Composite)	Avionics / Electrical	Weights / Mass Properties
Installations	Systems Installations	Fly by Wire	Fluid Mechanics
Experimental / Test Rigs	Repairs / Concessions	EMC / HIRF	Methods Planners
Electrical Systems	Static, Fatigue & Damage Tolerance	Flight Controls	Reliability & Maintainability
Mechanical Systems		Landing Gear	Materials & Processes

Good Hourly Rates • Per Diem • Paid Travel • Long Term Contracts
Referral Program • Beneficial Tax Situation • Healthcare Options • Work Permit Assistance

To be considered for these positions, please send an up to date resume to:

aero@tdm.ca

* See page column refers to the page number of a display ad with possible further information regarding the job openings and/or related requirements. Where Index is used, there is no display ad for that listing. The address and phone number of the firm with that job can, therefore, be found in the *Index of Contract Firms* in the back of each *C.E. Weekly*. The following feature of *C.E. Weekly* categorizes job openings by discipline. Please keep in mind that *JobLines* represent just a portion of the total number of openings published in this issue. There are many jobs appearing in display ads, which do not appear in *JobLines*.

C.E. Publications: Chapter 9, Online Since 1994

We are continuing to delve into C.E. Publications' 46-year history. Hopefully, you will find these articles to be both informative and entertaining. – Jan and Jerry Erickson, Founders

In 1994, we entered the digital age when we created our web site: www.ceweekly.com and began to post job openings online. That effort has been massaged, updated and tweaked through the years and changes continue to be made to this day. *CE Weekly Magazine* itself has also been posted online for many years; and just last month, *CE Weekly* hard copies began being printed electronically offsite giving us an even better quality especially with colors and photos. Times change and with closing down our in-house printing operation, we are ready to begin another new chapter.

In the late 90s, we changed the name of our website from www.ceweekly.com to www.ContractJobHunter.com. At the time, it seemed to make sense to us that anything with "weekly" in its title had no place in the immediacy of the internet. "Contract Job Hunter" just seemed a better fit.

In 2004, we published our final *Directory of Contract Staffing Firms* because our website contained the most current contact information for contract service firms ... making our directory no longer necessary. Our annual Directory was begun in 1969 and had created quite a few all nighters for us throughout the years. For some ridiculous reason, we decided it had to be mailed the first week of January every year. That meant deadlines, layout, proofing, printing, as well as the bulk of the hand collating all took place from late October until December in addition to our regular printing schedule. Our entire dedicated staff missed the entire month of November for over thirty years! Shared meals became whatever was close and fast. But we actually now all reflect back on those times as some of the most fun as we challenged each other to races to break previous years' records and were so elated when each year's directory was finished and in the mail.

However I cannot tell you how many times since then we have received requests for orders of our *Directory of Contract Staffing Firms*. Our DCSF went the way of the phone companies' phonebooks. After all, how long has it been since you actually snail mailed your resumes? A couple of clicks on a member's mouse accesses contact information to easily attach and send your CE online resume. No printing, folding, addressing and sealing of envelopes ... and NO postage! The actual costs for finding your next assignment are minimal now. Note, I did not say your time ... just your monetary outlay is minimal.

In 2014, you will notice increasing changes to our website. Our new format will include more services, easier navigation, in depth articles on job seeking and preparation, as well as links to make your job searches even better.

And, if there are ideas or resources you would like to see on ContractJobHunter.com, please email staff@cjhunter.com. We will certainly consider them. We are also always happy to answer any questions you may have regarding any of our services. – Jan and Jerry

MANUFACTURING * POWER *** OIL & GAS**

FIELD & OFFICE LOCATIONS: MA / CA / MI / AZ / WI / KS / NC / VA / PA / FL / NH / IL

CIVIL ENGINEER-Develop a plan to mitigate the long term effects of ground-water degradation on underground structures and equipment to sustain long term plant operations

TEST/VALIDATION ENGINEER-Responsible for all aspects of the test and validation of the automotive systems (fuel / transmission / suspension) LabView

ELECTRICAL ENGINEER-Substation engineering including detailed physical design for high voltage substation projects through 345kv. Depending upon complexity of the project, candidate may prepare, provide guidance or assist in preparing and developing the engineering deliverables such as transformers, distribution systems, doing the associated load calcs, and working with SKM: ETAP, ArcFlash and relay protection

ELECTRICAL DESIGNER-Must have exp in power plants and oil/gas facilities. Must be capable of locating equipment in a 3D environment as well as design using Microstation and PDS

FACILITY DESIGNER-Heavy industrial buildings, plant layout using Microstation, PDS, 2D & 3D, working with raceways and cable tray

HEALTH & SAFETY SPECIALIST-Responsible for implementing and/or administering safety, health, environmental protection and substance abuse prevention programs affecting employee and public safety, occupational health, fire protection and prevention, and equipment and property protection. DOE/NRC regulations

HVAC ENGINEER & DESIGNER-Piping, layout, design, mechanical duct work, design and installation, plumbing and fire protection with various CAD systems. Support calculations, analysis, studies, equipment specifications/data sheets

INSTRUMENTATION & CONTROL ENGINEER-Review and prepare I&C engineering and design calculations and provide design recommendations. Must adhere to applicable codes, standards and procedures. Working with MCC, LabView and PCB layout for programmable control circuits and drives

INSTRUCTORS/TRAINERS-Develop lesson, Power Point slides, and teach training classes for the water treatment operators. Must have certification

MECHANICAL ENGINEER-Components for vessels, tanks and pumps

MECHANICAL ENGINEER-Nuclear licensing background for all plant systems

PRODUCT & MACHINE DESIGNER-Tooling design, injection molding equipment, GD&T, detail drawings in 2D and 3D using AutoCAD, Pro/E, UG NX
PIPING DESIGNERS-Review and update P&IDs, design equipment layouts on industrial, chemicals, refinery and specialty chemicals (cryogenics), utility piping using Microstation/PDS

PROJECT MANAGERS-PMP cert and PMI trained (Nationwide)

PLANNERS/SCHEDULER-Primavera products (P3, P4 & P6) being the primary tool used. Command control of schedule development, maintenance, structure and process

PROCEDURE WRITERS-Systems and procedure knowledge, read modifications, complete tech review, assess impact and necessity for procedural changes or updates

PIPE SUPPORT ENGINEER & DESIGNER-Pipe support modeling using PDS support modeler, Pelican Forge, Microsoft Word, 3D CAD skills, Intergraph PDS 3D, Microsoft Excel, Access, Pelican Forge Support Modeler and Microstation

PIPE STRESS ENGINEER-Knowledge of strengths of materials, specialty support design, fluid dynamics, corrosion principles, piping vibration and competency with Caesar II stress analysis software

QUALITY ASSURANCE ENGINEER-QA/QC procurement activities during the execution of a major intl nuclear power plant project. Implement programs to oversee and monitor progress and success during execution of the project

SECURITY SYSTEMS-Design, develop and coordinate implementation of both LT and ST including supporting technology and monitor these policies, procedures and technologies, once implemented, to ensure compliance

STARTUP ENGINEER-Facilitate the process review of test data

STRUCTURAL ENGINEER-Preparation of structural engrg calcs for steel structures and/or foundations. This includes basic analysis, design calculations, equipment research, sketches, etc. required to prepare documents, specs, drawings or to meet other project requirements

VESSEL ENGINEER-Develop eqpt designs using validated and verified special application SW (Compress or equiv) and perform dynamic eqpt analyses and consider effects of tank sloshing. Familiar with ASME boiler & pressure vessel code

Texas & Gulf Coast Area

NOW HIRING!

AIRCRAFT ENGINEERING & DESIGN

Connecticut ...

Survivability Engineer (36257) - Responsible for vulnerability, survivability, NBC assessments and qualification of rotorcraft components, subsystems and full-up systems. This assessment involves development of ballistic vulnerability models and basic data, interpretation of results, and implementing survivability enhancement features. Furthermore, the contractor position involves planning and execution of Live Fire Test and Evaluation (LFT&E) programs for rotorcraft critical systems. Education: BS or MS in Mechanical or Aerospace Engineering. Advanced degree preferred

Ground Test Engineer (36218) - Responsible for all aspects of ground testing helicopter components and systems. Requires application of all mechanical / aerospace engineering disciplines to a wide variety of technical problems. Typical tasks include detailed test planning, coordination with internal and external customers, test conduct, use of computer data analysis tools, and generation of test plans and reports. Responsible for final conclusions and recommendations on the performance, safety, qualification, and adequacy of tested components and systems

HELICOPTER CONTRACTS - STRATFORD, CT

AVIONICS ENVIRONMENTAL QUALIFICATION ENGINEER

Knowledge of RTCA / DO-160 (A-E) and Mil-Std-810 (B-F)

AVIONICS SYSTEM INTEGRATION ENGINEERS

Familiarity with modern avionics architectures and requirements, acceptance test procedure development, and avionics laboratory design for both military / civil applications

ITC/ITAR EXPORT SUBJECT MATTER EXPERTS

Lead key initiatives related to export reform and licensing / product lifecycle management processes

FLIGHT MANAGEMENT SYSTEM ENGINEERS

10+ years software engineering experience using DOORS, C/C++ or similar software to develop airborne avionics systems associated with military and civil rotary wing aircraft

GROUND TEST ENGINEERS

Develop and implement test procedures using structural analysis and mechanical engineering problem solving with BS degree

HUMAN FACTORS ENGINEERS

Write test plans for lighting, egress, workload, reach and accommodation and write tests reports for submittal to the FAA and customer

SR AIRFRAME STRESS ANALYSTS

10+ years conventional airframe static analysis of airframe structures of rotary-wing airframe preferred with Nastran or Patran exp

Person to Person

Letters in this issue are the opinions of the writers, and not necessarily those of Contract Employment Weekly, C.E. Publications, or our publishers and staff. We reserve the right to edit and publish any letter which is submitted to us by our subscribers. If you do not wish to have us publish your comments, please state so in your letter. It is our policy to include the name, city and state of those submitting published letters. Unsigned or non-subscribers' letters will not be accepted for publication.

I received three issues from *CE Weekly* today and was scanning their "CE History" and boy, did that ever bring back memories for me. I was contracting to Lockheed in Burbank, California. We were helping them design the L1011. I saw a copy of *CE's* first issue and I thought it was great, so great that I went around and got all the shoppers I could to subscribe. Little did I know that *CE Weekly* was going to give a prize to whomever got the most subscriptions and, so, I won the prize. A nice chess set that Jerry, told me later, picked out himself. It was also good for me because I was just learning to play chess (I'm still learning).

Through my years as a shopper, I ran into Jan and Jerry at job fairs and one of their picnics. That one was in Florida after I retired. I retired on 9-9-99, the day before my 65th birthday, with 63 contracts under my belt traveling throughout our United States. I'm now living at my 77th address with the first one starting a week or so after I was born.

Jerry and Jan, while I'm at it, would you mind putting in a Merry Christmas wish to all for me? I always remember to ask you after your deadline. This is the week before Thanksgiving, so I should have made it in time this year. It would be nice to hear from my shopping friends. Please feel free to contact me at 1300 Veterans Road, Warrensburg, MO 64093, (816) 748-4799, email johnrl33@aol.com — **John R. Lillis, Warrensburg, Missouri**

I want you to know that I enjoy the various chapters of the 46 year history of CE Publications that you have been presenting weekly in *Contract Employment Weekly*. Every week I extract the chapters from my hard copy of the publication, punch 3 holes, apply gummed reinforcements and save them for future reference.

What you are presenting is a recipe for success for small business (and all of us) everywhere. Work hard. Be fair and honest. Be persistent. Don't give up. Don't quit. Have fun. Enjoy the ride. Don't ask the government or anybody else for special favors.

Thank you and wishing you continued success. —
Bill Mayer, Aircraft Stress Analyst, Greenville, South Carolina

CONTRACTS AWARDED: Lockheed Martin Corp., Sunnyvale, California, has been awarded a \$105,083,207 modification to an existing contract to provide MILSATCOM Orbital Operations and Logistics Sustainment Support functions to support the operations and sustainment of Milstar and the Defense Satellite Communications System. Space and Missile Systems Center/PKJ, Peterson Air Force Base, Colorado Springs, Colorado, is the contracting activity ... **Ahtna Engineering Services**, Anchorage, Alaska, **Bristol Environmental Remediation Services LLC**, Anchorage, Alaska **Marsh Creek LLC**, Anchorage, Alaska, **BSI-TLI**, Joint Venture, Golden, Colorado,

Chemtrack Alaska, Anchorage, Alaska, were awarded a \$180,000,000 contract for environmental remediation services. Army Corps of Engineers, Elmendorf, Alaska, is the contracting activity ... **Raytheon Co.**, **Missile Systems**, Tucson, Arizona, was awarded a \$57,849,999 contract for the procurement of tube launched optically tracked wireless guided missiles. Army Contracting Command, Redstone Arsenal (Missile), Alabama, is the contracting activity ... **Lockheed Martin Missiles and Fire Control**, Orlando, Florida, was awarded a \$300,000,000 contract for development and production of multiple foreign military sales test vehicles and equipment, mission planning, mission operational flight program, test support, logistics support, sustainment, and non-recurring engineering. The Air Force Life Cycle Management Center, Eglin Air Force Base, Florida, is the contracting activity.

Aerospace News – Qatar joins with Emirates on big Boeing 777 order-At the Dubai Air Show, rival airlines Qatar Airways and Emirates announced a joint deal to purchase up to 250 Boeing 777 planes, a partnership designed to maximize the airlines' buying power. "We're buying airplanes, we're not going to the supermarket, so we're not going to do this every time," Qatar CEO Akbar Al Baker said. "But when we do a similar program in the future then yes, I hope that we will be able to do it together" ... **Iraqi Airways to buy 5 CSeries from Bombardier**-In a deal valued at \$387 million, Iraqi Airways has agreed to buy five CS300 planes from Canada's Bombardier, along with an option to buy another 11 of the planes, which would raise the deal's value to more than \$1 billion. "Over the last few years, Iraqi Airways has successfully utilized its [Bombardier] CRJ900 NextGen aircraft to open routes and expand into new markets, and today we are pleased to be taking the next step," said Capt. Saad Al-Khafaji, Iraqi Airways CEO ... **Tight budget halts NASA plutonium generator**-A ready supply of plutonium, coupled with a less-than-ready supply of funding, have prompted NASA to halt work on an upgraded plutonium power generator meant to aid deep space missions. "We made the decision, based partly on cost and budget, and also on need, to stick with an older-style generator," said John Grunsfeld, head of NASA's science mission directorate ... **BAE's Hudson: Reform immigration to bring in new talent**-Immigration reform is needed in the U.S. in part because the lack of it stymies the flow of talented foreign engineers to the country, says BAE Systems CEO Linda Hudson. Hudson said the defense sector is facing a lack of qualified engineers, and she sees part of the solution in allowing more such workers to enter the U.S. from countries such as India ... **Lawmakers support replacement of combat rescue helicopters**-Several lawmakers are supporting the replacement of aging combat rescue helicopters for the U.S. Air Force. "I would work against any substantial cuts in that program," said Sen. Richard Blumenthal, D-Conn. The program, now served by Sikorsky HH-60G Pave Hawk helicopters, is designed to rescue stranded or injured troops ... **Airbus secures large orders from Etihad, Emirates at Dubai Airshow**-European aircraft manufacturer Airbus secured 160 orders and commitments from the Dubai Airshow in the United Arab Emirates. Etihad Airways placed an order for 87 aircraft, while Emirates placed an order for 50 Airbus A380s. Air Algérie, Libyan Wings and Qatar Airways Cargo also placed smaller orders.

Some jobs advertised in *C.E. Weekly* are for upcoming or anticipated openings, or may be filled before you respond to the advertiser. Please notify us if you find a firm advertising upcoming positions as "Immediate." **For member online access, please contact our office for a UserID and Password.**

Contract Employment Weekly (ISSN 1063-9268) ©Copyright 2013 C.E. Publications, Inc. Published every Wednesday. Most job openings are for short or long term contract (temporary) assignments. There should never be a fee to apply for or accept any of the jobs published in *C.E. Weekly*. Direct (captive) positions advertised must meet the following criteria: (1) be for a position with the advertiser's client (unless it is for recruiting related staff); and (2) must be identified as "direct." If you wish to apply for any position advertised, send a copy of your current resume to the advertising firm, not to C.E. Publications. *C.E. Publications* is not intended as a legal reference. Any specific problem should be referred to your attorney or accountant. All material submitted to C.E. Publications is subject to acceptance by the publisher. Advertisers, authors and cartoonists agree to indemnify the publisher from any claims or lawsuits for libel, violation of rights, copyright infringement or other suits predicated on the content of copy submitted. No part of this publication may be reproduced or transmitted in any form by any means, electronic or mechanical, including photocopying, recording or by any information storage retrieval system, without written permission from the publisher. All returned checks subject to \$5 handling fee. We reserve the right to refuse services to anyone. Services subject to change. Membership must be current to use our services. Sorry, no refunds.

CE Services

Hot Sheet of Available Contractors

For unemployed members (or those with layoff notices). We email your name, address, phone, email address, a link to your online resume, and job classification(s) to our advertising contract staffing firms. May be submitted every week.
