MELBOURNE, FL 866.517.9514

Please see full job descriptions online at CJ Hunter

Vulnerability Engineer - Active top secret clearance - eligible for SAP - (16004593) High level of proficiency in MatLab, Fortran, Java, Visual Basic, or C#/C++. Proficiency in government models

Virtual Simulation Data Analyst 2 - Active top secret or SCI clearance (16004592) - Understanding of tactical aircraft aerodynamic performance, sensors, weapons, and communication

Systems Engineer 3 Operations Analysis & Simulation - Active secret clearance - (16004596)

Applied Aerodynamics Engineer - Active top secret clearance - eligible for SAP (151003476)

System Safety Software Engineer - Active secret clearance - eligible for SAP (16004515)

Subcontracts Administrator - Interim secret clearance (16002325)

Operations Analysis Engineer 2 (16004597)

Mass Properties Engineer 3 - DOD secret clearance - able to obtain SAP/SAR access (16004505)

Flying Qualities/Handling Qualities Engineer 5 (15000456) - Experience with Simulink, Conduit and Castle software and developing custom algorithms

Engineer Systems 3 - DOD secret clearance - able to obtain SAP/SAR access (16004513)

Engineer Structural Loads 5 - Secret clearance (16003896)

Engineer Structural 5 - Secret clearance (16005407, 16004120, 16003893)

Engineer Mechanical 5 - Secret clearance (16004142, 16004140, 16004135)

Engineer Mechanical 4 - Secret clearance (16004137, 16004141)

EMI/EMC Engineer 4 - Secret clearance (16004508)

Electrical System Wiring/Harness Systems Design Engineer 5 - Secret clearance (16004621)

Electrical System Wiring Installation Engineer 4 - Secret clearance (16004610)

CONTRACTS AWARDED: Gulfstream Aerospace Corp., Savannah, Georgia, is being awarded a \$91,900,000 contract for the procurement of one Gulfstream G-550 Green aircraft with Airborne Early Warning air vehicle modifications in support of a range support aircraft replacement. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting authority ... **Exelis Inc., a wholly owned subsidiary of Harris Corp.**, Clifton, New Jersey, is being awarded an \$88,333,440 modification to a previously awarded contract to exercise an option for the manufacture and delivery of 48 full-rate production Lot 13 integrated defensive electronic countermeasures AN/ALQ-214(V)4/5 onboard jammer systems in support of the Navy's F/A-18C/D/EF aircraft. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity ... **Northrop Grumman Information Systems**, San Jose, California, has been awarded a maximum \$54,490,422 contract action delivery order to a previously awarded basic ordering agreement for the Airborne Signals Intelligence Payload (ASIP) Increment 2 - Build A program. Air Force Life Cycle Management Center, Wright-Patterson Air Force Base, Ohio, is the contracting activity ... **General Atomics-Aeronautical Systems Inc.**, Poway, California, has been awarded a \$53,825,727 contract action for the MQ-9 Hybrid Release 1 integration. Air Force Life Cycle Management Center, Wright-Patterson Air Force Base, Ohio, is the contracting activity ... **Georgia Tech Research Institute (GTRI)**, Atlanta, Georgia, is being awarded an \$84,538,427 contract for command, control, communications, computers, intelligence and cyberspace technology research in GTRI's capacity as a Department of Defense university affiliated research center. The Space and Naval Warfare Systems Command, San Diego, California, is the contracting activity ... **BAE Systems San Diego Ship Repair**, San Diego, California, **Continental Maritime of San Diego**, San Diego, California, and **General Dynamics, NASSCO**, San Diego, California, are each being awarded contracts to provide complex emergent and continuous maintenance and Chief of Naval Operations availabilities on surface ships, and San Diego, California, homeport, including surface combatants (DDG and CG) class ships and amphibious (LSD, LPD, LHA, and LHD) class ships. Each contractor will be awarded one contract for surface combatants class ships and one contract for amphibious class ships. These contracts contain options, which if exercised, would have a cumulative ceiling value of \$1,319,651,593. The Naval Sea Systems Command, Washington, DC, is the contracting activity ... **Lockheed Martin, Mission Systems and Training**, Moorestown, New Jersey, is being awarded a \$197,578,594 modification to a previously awarded contract for Aegis combat system engineering agent efforts for the design, development, integration, test, and delivery of computer program baselines and associated technology insertion hardware design support for the next advanced capability build. The Naval Sea Systems Command, Washington, DC, is the contracting activity ... **Raytheon Co.**, Tucson, Arizona, has been awarded a \$573,031,316 modification to exercise the option on a previously awarded contract. Contractor will provide Advanced Medium Range Air to Air Missile (AMRAAM) production Lot 30 and other AMRAAM system items. Air Force Life Cycle Management Center, Air Dominance Contracting Office, Eglin Air Force Base, Florida, is the contracting activity.

* See page column refers to the page number of a display ad with possible further information regarding the job openings and/or related requirements. Where Index is used, there is no display ad for that listing. The address and phone number of the firm with that job can, therefore, be found in the *Index of Contract Firms* in the back of each *C.E. Weekly*. The following feature of *C.E. Weekly* categorizes job openings by discipline. Please keep in mind that *JobLines* represent just a portion of the total number of openings published in this issue. There are many jobs appearing in display ads, which do not appear in *JobLines*.

MANUFACTURING *** POWER *** OIL & GAS

FIELD & OFFICE LOCATIONS: MA / CA / CO / AZ / WI / KS / NC / VA / PA / FL / NH / IL

CIVIL ENGINEER-Develop a plan to mitigate the long term effects of groundwater degradation on underground structures and eqpt to sustain long term plant operations

COMMISSIONING ENGINEER-Responsible for all aspects of the startup and operation of the assigned systems on GA, coal and CoGen power plants

ELECTRICAL ENGINEER-Substation engineering including detailed physical design for high voltage substation projects through 345kv. Depending upon complexity of the project, candidate may prepare, provide guidance or assist in preparing and developing the engineering deliverables such as transformers, distribution systems, doing the associated load calcs, and working with SKM: ETAP, ArcFlash and relay protection

ELECTRICAL DESIGNER-Must have exp in power plants and oil/gas facilities. Must be capable of locating equipment in a 3D environment as well as design using Microstation and PDS

FACILITY DESIGNER-Heavy industrial buildings, plant layout, power generating plant, using Microstation, PDS, 2D & 3D working with raceways and cable tray

HEALTH & SAFETY SPECIALIST-Implement and/or administer safety, health, environmental protection, and substance abuse prevention programs affecting employee and public safety, occupational health, fire protection and prevention, and equipment and property protection. DOE/NRC regulations

HVAC ENGINEER & DESIGNER-Piping, layout, design, mechanical duct work, design and installation, plumbing and fire protection with various CAD systems. Support calculations, analysis, studies, equipment specifications/data sheets

INSTRUMENTATION & CONTROL ENGINEER-Review and prepare I&C engineering and design calculations and provide design recommendations which must adhere to applicable codes, standards and procedures. Working with MCC, LabView and PCB layout for programmable control circuits and drives

INSTRUCTORS/TRAINERS-Develop lesson, Power Point slides and teach training classes for the operations. Must have had SRO certification on either BWR/PWR plants

MECHANICAL ENGINEER-Component for vessels, tanks and pumps

PRODUCT & MACHINE DESIGNER-Tooling design, injection molding equipment, GD&T, detail drawings in 2D & 3D using AutoCAD, Pro/E, Unigraphics (NX)

MECHANICAL ENGINEER-Nuclear licensing background for all plant systems

PIPING DESIGNERS-Review and update P&IDs, design equipment layouts on industrial, chemicals, refinery and specialty chemicals (cryogenics) including utility piping using Microstation/PDS

PROJECT MANAGERS-PMP cert and PMI trained (nationwide)

PLANNERS/SCHEDULER-Primavera products (P3, P4 & P6) being the primary tool used. Command and control of schedule level, maintenance, structure and process

PROCEDURE WRITERS-Systems and procedure knowledge who can read mods, complete tech review, assess impact and necessity for procedural changes or updates

PIPE SUPPORT ENGINEER & DESIGNER-Pipe support modeling using PDS Support Modeler, Pelican Forge, Microsoft Word, 3D CAD skills, Intergraph PDS 3D, Microsoft Excel, Access, Pelican Forge Support Modeler and Microstation

PIPE STRESS ENGINEER-Strengths of materials, specialty support design, fluid dynamics, corrosion principles, piping vibration and competency with Caesar II stress analysis software

QUALITY ASSURANCE ENGINEER-QA/QC procurement activities during the execution of a major international nuclear power plant project. Implements programs to oversee and monitor progress and success during the execution of the project

SECURITY SYSTEM-Design, develop and coordinate implementation of both long term and short term including supporting technology, and monitor these policies, procedures and technologies, once implemented, to ensure compliance

STARTUP ENGINEER-Facilitate the process review of test data

STRUCTURAL ENGINEER-Preparation of structural engineering calculations for steel structures and/or foundations. This includes basic analysis, design calcs, equipment research, sketches, etc. required to prepare documents, specifications, drawings or to meet other project requirements

VESSEL ENGINEER-Develop equipment designs using validated and verified special application software (Compress or equivalent) and can perform dynamic equipment analyses and consider the effects of tank sloshing. Familiar with ASME boiler and pressure vessel code

Texas & Gulf Coast Area

4715 Strack Road, Suite 200, Houston, TX 77069 • Email: houston@natleng.com or lisak@natleng.com

NOW HIRING!

AIRCRAFT ENGINEERING & DESIGN

Indiana - Project Lead

(47583) - Coordinate activities between client and their customer. Familiarity with auxiliary power units, airframe structures, harnesses and exhaust ducting routing. Familiarity with engine bleed air, heat exchangers. Develop project objectives by reviewing project proposals and plans. Determine project responsibilities. Confirm product performance

Pennsylvania - Logistics / Maintenance / MSG-3

(47482) - Collect all the technical information relevant to the systems to be analyzed. Review the technical information collected in order to understand how the system to be analyzed works, with particular focus on functions and failure modes. Perform MSG-3 analysis and prepare the first draft of MSG-3 dossier.

Aerospace News – Air Force says cost-plus contract for B-21 helps control risk - The Air Force opted for a cost-plus contract for B-21 development as a hedge against risk during the "significant integration work that still lies ahead," Lt. Gen. Arnold Bunch told the House Armed Services Committee ... **Hypersonics could represent the future of US missiles, experts say** - Hypersonic missiles could be key to allowing the Air Force to penetrate increasingly sophisticated anti-air systems, experts say. "Hypersonics is no longer Buck Rogers stuff," said retired Maj. Gen. Curtis Bedke. "Hypersonic weapons are now both important for us to develop and inevitable for somebody to develop. It's time to get serious and focused about not falling behind"

... **Harris Corp. wins place on \$12 billion army radio contract** - Harris Corporation has won a place on a \$12.7 billion US Army indefinite-delivery/indefinite-quantity contract for HMS Manpack radios. The contract, which is also held by two other companies, is for five years with one five-year option. The \$12.7 billion is the contract's maximum ceiling amount. The Army expects full-rate production of the radios to start in the fourth quarter of fiscal 2017 and to eventually obtain about 65,000 units through the awards, Harris said ...

CAE buys Lockheed commercial flight simulator division - Montreal, Canada-based CAE bought Lockheed Martin's commercial flight simulator division to expand its flight training offerings. "CAE's sole focus is training, and with a near 70-year track record, we are the only pure-play company resolutely committed to the long-term training and simulation needs of our customers," said CAE President and CEO Marc Parent ...

Aerojet's AR1 rocket is on pace for completion by 2019, CEO says - Support from the Air Force will help Aerojet Rocketdyne complete development of its AR1 rocket by 2019, bringing the US closer to ending its reliance on the Russian-made RD-180, according to CEO Eileen Drake ...

Air Force to support development of ULA, Aerojet rocket engines - The Defense Department has announced plans for the Air Force to invest up to \$202 million in United Launch Alliance's Vulcan rocket and up to \$536 million in Aerojet Rocketdyne's AR1 rocket engine. The investments are meant to accelerate the end of US dependence on Russian-made engines ...

Massive upgrade to nuclear arsenal draws support from both sides of the aisle - Updating the US nuclear arsenal is getting support from Republicans and Democrats alike. The government plans to spend \$350 billion on the initiative over the next decade ...

NASA taps Lockheed to develop kinder, gentler supersonic jet - A mild sonic thump rather than a boom is the goal of a NASA contract with Lockheed Martin to develop a supersonic aircraft that doesn't produce shattering noise as it passes through the sound barrier. NASA aims to begin flight tests in 2020 ...

F-35s, F/A-18s are among the Navy's "unfunded priorities" - Fourteen Boeing F/A-18s and two Lockheed Martin F-35s are among the "unfunded priorities" for the Navy. The F/A-18s are valued at \$1.5 billion ...

NASA showcases design for supersonic aircraft - NASA revealed the design of its supersonic aircraft, QueSST, that can fly up to 1,100 mph. Completing the design is estimated to cost around \$20 million, but could eventually offer speedy air travel. "Just imagine you can go anywhere in the world in six hours," said Jaiwon Shin, NASA's head of aeronautics ...

Boeing to join biojet fuel project in Mexico - Boeing will join several institutions and companies, including Grupo Aeromexico and the Masdar Institute of Science and Technology, in the research and development of biojet fuel in Mexico. "Sustainable jet fuel will play a critical role in reducing aviation's carbon emissions and will bring a new and innovative industry to Mexico," said Marc Allen, president of Boeing International ...

NASA poised to decide on future of InSight Mars lander - A decision regarding the future of NASA's InSight Mars lander is expected soon amid concerns about \$150 million in cost overruns. If the program continues, the next launch window would be in May 2018 ...

UK, France plan to team up for drone project - The UK and France are planning a \$2.1 billion drone project that will create the "most advanced vehicle of its kind in Europe." Rolls-Royce, BAE Systems and Dassault Aviation are likely to receive contracts for the project ...

Boeing continues "incredible legacy" with 737 Max - The Boeing 737 aircraft family represents the best-selling commercial airliner in history. "With the rollout of the new 737 Max, the first new airplane of Boeing's second century, our team is upholding an incredible legacy while taking the 737 to the next level of performance," said Boeing Vice President Keith Leverkuhn ...

DOD taps Aurora Flight Sciences to develop VTOL X-Plane phases - The Defense Department has announced an \$89 million contract with Aurora Flight Science to develop the second and third phases of a vertical takeoff and landing aircraft. "If successful, VTOL X-Plane's radically improved flight capabilities could lead to revolutionary advancement of the US military's future mission capabilities," said CEO John Langford ...

Lockheed closing in on hypersonic aircraft breakthrough - Lockheed Martin says it is close to delivering the capability for US fighter aircraft to reach six times the speed of sound. "We estimate it will cost less than \$1 billion to develop, build, and fly a demonstrator aircraft the size of an F-22," said CEO Marillyn Hewson ...

Laser weapons are ready for the battlefield - Top sources at Lockheed Martin say laser weapons technology is now ready for the battlefield. "The technologies now exist," said Paul Shattuck, director for Lockheed's Directed Energy Systems unit. "They can be packaged into a size, weight, power and thermal which can be fit onto relevant tactical platforms, whether it's a ship, whether it's a ground vehicle or whether it's an airborne platform."

ABBREVIATIONS AND TERMS

Anticip: Anticipated. Openings are anticipated at this time

ASAP: As soon as possible. Openings exist now

Contr-Dir: Assignment begins on contract basis and can become direct position

DOE: Depending on experience

Immed: Immediately. Openings exist now

Indef: Indefinite. Expected duration of assignment unknown; probably Long Term

LT: Long Term (expected assignment duration 6-12 months)

Negot: Rate range may have been determined, but your rate is to be negotiated

Ongoing: Client expects openings for this discipline on an ongoing basis

Open: The rate for this assignment has not yet been set

Poss: Possible (normally refers to overtime or per diem)

Prob: Probable (normally refers to overtime or per diem)

Split: Firm will split a portion of hourly rate into per diem (if you meet IRS reqmt)

ST: Short Term (expected assignment duration less than 6 months)

STm/OT: Straight time for overtime

VLt: Very Long Term (expected assignment duration over 12 months)

Daily Resume Distribution

When members upload a new resume into our online database, they can choose to have us email it to all current advertisers. Recruiters select to receive all new resumes, submit keywords to receive only selected resumes, or receive no resumes at all. Each time you update your resume, you can once again choose to have us email your resume. *The default is set to not distribute the resume; only members who check the box for distribution will have their resume emailed.*

FIRST-CLASS MAIL

SUBSCRIBER SERVICES

Hot Sheet of Available Contractors:

For unemployed subscribers (or those with layoff notices). We email your name, address, phone, email address, a link to your online resume, and job classification(s) to our advertising contract staffing firms.

Online Profile:

Every day, recruiters perform hundreds of searches of our resume database, usually locating multiple resumes that match their keyword search. Often subscribers have certain requirements that do not generally appear on their resumes. For example: Are you currently available, or are you working now and won't be available for a couple of months? ... What is the minimum rate you will accept? ... etc. Your personal profile allows you to make that information available to recruiters. It is critical that you keep your profile very current ... especially the status of your availability. This service is only as effective for you as the effort you devote to it.

My JobTracker:

Track your saved jobs and any follow-ups you've made to recruiters. All records in one place for your job searches, responses, and notes about the assignment. Our latest subscriber service ... and one of the most valuable!

EZjobs:

Subscribers can receive each day's new job postings for openings that match their pre-set keywords. Those listings will be emailed to you stating the name of the recruiting firm, contact information, and all the data we have about each job.

Resume Email Forwarding History:

Subscribers can track their resume forwarding history to see when and to whom their resume has been emailed from our website. This service tracks resumes sent by: job searches using E-Resume, individual resumes sent to any of our advertisers, and updated resume distribution.

Resume View Notification:

Every time your resume is viewed, downloaded or printed by a contract staffing firm ... we immediately email you a notification. Included in the email is the name of the firm, the recruiter's name (if known), keywords that the recruiter used to find your resume, and contact information. Keep in mind that we must have your current email address on file in order for you to participate in this service. Here, too, you may opt out this service if you choose.

Mail Forwarding Service:

You can have a permanent (or forwarding) address to guarantee yourself of constantly receiving your mail. If you are interested in using this service, contact our office for details. Email staff@cjhunter.com or call (425) 806-5200. Please Note: you must be a user of our Mail Forwarding Service if you put our address on your resume for contact information. Cost: \$10/month, charged to your account at the beginning of the month. If no mail is forwarded, this charge is refunded to your account at the end of the month. As long as you have a mail forwarding account active, you will be charged for the service only if we actually forward your mail at least once during a calendar month.

Free Email Account:

If you are a *ContractJobHunter* or *Contract Employment Weekly* subscriber who uses email a lot ... this subscriber service will probably be of interest to you. This service is free, as long as you keep your subscription current. Restrictions: Any single document (either sent or received) cannot exceed 500K in size; the total amount of space allotted to any subscriber is 5 megabytes; you may select your own personal email address. We suggest using your name (Example: john.doe@members.cjhunter.com).

Discussion Forums:

Subscribers can leave messages and questions for other subscribers on this board. Discussed subjects have included: Insurance for contractors ... overtime on full rate ... job locations ... pre-employment drug testing ... and lots of contractors looking for old friends.
